Education

Xi'an Jiaotong-Liverpool University 2024.09 – 2028.07
BSc Data Science and Big Data Technology

- Current average meets the First Class Honours standard; scholarship recipient; IELTS 6.5.
- Completed: Data Structures and Algorithms, Databases, Python Programming, C++, Numerical Methods.
- In progress: Machine Learning, Signal Processing, Computer Networks and Distributed Computing.

Research Exchange

Northwestern Polytechnical University, Taicang 2026.06 – 2026.07
Summer research exchange

- Completed approximately 100 hours of research activity on AI-agent architecture and task execution.
- Studied Task Planner and ReAct methods: how a user instruction is decomposed into executable steps.
- Built an IELTS preparation workflow that applies an agent to a concrete study scenario.

Experience

Founder and President, Taicang Photography Association 2025.09 – present
XJTLU

- Founded the association and grew it from 5 to 70 members; established its operating routine.
- Led recruitment, event planning, task allocation and cross-club collaboration; the association was rated an A-class student club.

Student Representative 2025.09 – 2026.09
XJTLU

- Consolidated student feedback from surveys and relayed it to programme staff, acting as the link between students and teaching staff.

Intern, Sports Centre 2026.03 – present
XJTLU

- Contributed to WeChat articles and event promotion; supported venue operations and on-site coordination.

Competitions

Mathematical Modelling Contest 2025.08 – 2025.09
Team member — modelling, data analysis, algorithm design

Big Data Competition and CyberC 2025 2025.09 – 2025.10
100-hour integrative project training

Skills

- **Programming:** Python, SQL, C++, MATLAB.
- **Data:** pandas, NumPy, scikit-learn, Jupyter, relational modelling.
- **Tools:** Excel, PowerPoint, Obsidian, LaTeX, Git and GitHub.
